

Boultham Park

BUILD A BUG BOX

03.06.2021

10am - 11.30am

Like your garden, Boultham Park is teeming with millions of useful mini beasts. Without us even noticing they carry out helpful jobs that are good for the natural world.

Make bugs feel right at home in your garden by building them a cosy bug box from natural objects, perfect for blending into your gardens surroundings.

Come along and learn how to attract all kinds of creatures into your garden and make them a home where they feel snug as a bug !

The activity costs £3.50 per person and will take place at Boultham Park Bandstand.

To reserve your place email :
